Ray Foley
Associate
Service Transformation
ray.foley@institute.nhs.uk

Tel 07787562184

What we will do?

- we will explore Lean (and others) ideas further and encourage use/experimentation – read latest papers at www.institute.nhs.uk
- translate Lean and other ideas for the NHS and encourage adoption
- encourage the development of networks – to share and learn from each other
- establish a **National Centre for Clinical Systems Improvement** – to increase capability for the NHS
- We want to listen to you. What do you need? Tell us via www.networks.nhs.uk
