

# Possible benefits of attending our session

- Understand new option presented by the LEA for developing capability through employee involvement team working.
- Experience the part of the capability building technique personally.
- See whether using this approach can assist you in developing your key stakeholders.
- Learn from others so similar mistakes are less likely to occur and opportunities taken greater advantage of.
- And also learn a bit more about CSL Seqirus 😊

# Personal Learnings

## Scott

- Listening (understanding)
- Trust the process (don't solve it for them)
- Need someone to talk you through the poster.

## Dee

- Be patient: it won't happen all at once.
- Need to accept reality.
- Reflection on the process is really valuable.

## Gordon

- Posters
- Humility: people are the experts.
- It is hard for leaders but in a good way (develops them)
